Plastics, Rubber and Composites Processing and Applications **19** (1993) 320–323

Plastics, Rubber and Composites Processing and Applications

CONTENTS OF VOLUME 19

Number 1

Guest Editorial
Structural relaxation 1
G. W. SCHERER (USA)

Review
A review of recent developments in the processing and properties of oriented polyethylene 7
I. M. WARD (UK)

Strategies for the design of biodegradable polymer systems: Manipulation of polyhydroxybutyrate-based materials 15
M. YASIN & B. J. TIGHE (UK)

Viscoelastic buckling analysis of a high-density polyethylene industrial container 29
C. FERNANDES, S. GRIMALDI & A. MACCHETTA (Italy)

Delamination of curved composite shells due to through-thickness tensile stresses 39
Y.-S. WU, A. J. LONGMUIR, H. W. CHANDLER & A. G. GIBSON (UK)

Computer simulation of rotational moulding heat transfer processes . . 47
D.-W. SUN & R. J. CRAWFORD (UK)

The development of continuous large-scale die drawing for the production of oriented polymer rods and tubes 55
C. C. MORATH, A. K. TARAIYA, A. RICHARDSON, G. CRAGGS & I. M. WARD (UK)

Book Reviews
Polymer Processing: Principles and Modeling
(By J.-F. Agassant, P. Avenas, J.-Ph. Sergent & P. J. Carreau, Hanser, Munich, Vienna, New York; Oxford University Press, New York, 1991) . . . 63

Extrusion Dies for Plastics and Rubber: Design and Engineering Computations (2nd edn.)
(By W. Michaeli. Hanser, Munich, Vienna, New York, Barcelona, and Oxford University Press, New York (in association with the Society of Plastics Engineers), 1992) 63

Composite Materials Technology: Processes and Properties
(Edited by P. K. Mallick & S. Newman. Hanser, Munich, Vienna, New York; Oxford University Press, New York, 1990) 64

Plastics, Rubber and Composites Processing and Applications (**19**) — © 1993 The Institute of Materials, England. Printed in Great Britain

A Practical Guide to the Selection of High-Temperature Engineering Thermoplastics
(By A. A. Collyer. Elsevier Science Publishers, Oxford, 1990) . . . 66
(Reviewed by F. N. Cogswell)

Forthcoming meetings 68

Number 2

Quantitative evaluation of internal mold release agents for polyurea RIM by the measurement of the release forces 69
W. R. WILLKOMM, R. M. JENNINGS & C. W. MACOSKO (USA)

Modelling the process of desorption of a liquid from a sheet of polymer by considering the diffusion and evaporation and the change in dimension . . 77
A. BAKHOUYA, A. EL BROUZI, J. BOUZON & J. M. VERGNAUD (France)

Injection moulding of custom hip replacement sockets 87
C. H. QUEK, R. J. CRAWFORD & J. F. ORR (UK)

Three-dimensional finite element analysis of isothermal flow of molten polymers in converging–diverging dies 93
Y. WANG & H-Y. TSAY (Taiwan)

Effect of processing parameters on the mechanical properties of short Kevlar aramid fibre-thermoplastic polyurethane composite 105
S. K. N. KUTTY & G. B. NANDO (India)

Minimization of water pollution and environmental problems via controlled release styrene butadiene rubber formulations containing ammonium nitrate . 111
F. M. HELALY, E. M. ABDEL-BARY, A. A. SARHAN & H. H. ABDEL-RAZIK (Egypt)

Morphology and mechanical properties of silicone–EPDM blends . . . 117
S. KOLE, A. K. BHATTACHARYA & A. K. BHOWMICK (India)

Forthcoming Meetings 127

Number 3

PART SPECIAL ISSUE: AUTOMATED COMPOSITES

Papers presented at the 3rd International Conference on Automated Composites, October 1991, The Hague, The Netherlands

Guest Editorial
Automated composites manufacture 129
J. SUMMERSCALES (UK)

Robotic preforming of dry fibre reinforcements 131
M. P. S. F. GOMES, R. D. HIBBERD & B. L. DAVIES (UK)

The influence of a rubberforming cycle on mechanical properties of continuous fibre reinforced thermoplastics 137
L. M. J. ROBROEK (Netherlands)

Room temperature filament winding of thermoplastic composites . . . 143
T. L. ANDERSEN & A. LYSTRUP (Denmark)

Comparison between numerical and experimental results for mold filling in resin transfer molding 151
R. GAUVIN & F. TROCHU (Canada)

Examples of the application of fuzzy expert systems to rubber compounding . 159
J. KOBALICEK, J. GORIG, K. MALIK, M. DOHNAL, M. KVAPILIK, J. VYSTRAIL & J. DOHNALOVA (Czechoslovakia)

Smoke suppression and fire retardancy in unsaturated polyesters containing hydrated filler 175
W. Z. A. WAN HANAFI & P. R. HORNSBY (UK)

Influence of non-rubber constituents on elastic properties of natural rubber vulcanizates 185
A. B. OTHMAN, C. HEPBURN (UK) & H. HASMA (Malaysia)

Forthcoming Meetings 195

Number 4

Guest Editorial
Overview of plastics recycling in Europe 197
V. MATTHEWS (Belgium)

Relation between packing flow and mechanical properties of weld zones in injection-moulded thermoplastic polymers 205
S. PICCAROLO, F. SCARGIALI, G. CRIPPA & G. TITOMANLIO (Italy)

Miscibility and phase behaviour in polycarbonate/acrylonitrile-styrene acrylate blends 211
H. E. BERTILSSON, J. KUBAT & E. RIBARITS (Sweden)

The influence of fibre/matrix interlayers based on silane functionalised EPDM and UHMWPE on the mechanical properties of glass fibre/epoxy composites . 221
L. MASCIA, J. DHILLON & J. F. HARPER (UK)

Computer simulation of conventional and barrier screw extruders . . . 227
K. AMELLAL & P. G. LAFLEUR (Canada)

Pyridazine derivatives as antifatigue and antioxidant agents for SBR vulcanizates . 241
M. N. ISMAIL, S. H. BOTROS, A. F. YOUNAN & A. A. YEHIA (Egypt)

Development and field performance of tank track pad compounds . . . 245
P. THAVAMANI, D. K. KHASTGIR & A. K. BHOWMICK (India)

Short Communication
The relation of chemical structure to the antioxidant efficiency of some substituted naphthylamines in natural rubber 255
S. H. BOTROS (Egypt)

Forthcoming Meetings 261

Number 5

Calcium–zinc stabilisers for PVC pressure pipe 263
N. L THOMAS (UK)

Barrier properties of biaxially oriented polypropylene films 273
A. K. TARAIYA, G. A. J. ORCHARD & I. M. WARD (UK)

The strength of bonded tee-joints in FRP ships 279
G. L. HAWKINS, J. W. HOLNESS, A. R. DODKINS & R. A. SHENOI (UK)

Dielectric monitoring of phase separation during cure of epoxy resin blends containing functionalised polyoxypropylene elastomer 285
G. KORKAKAS, C. M. GOMEZ & C. B. BUCKNALL (UK)

Modelling of elastic behaviour of rubber and its application in FEA. . . . 293
P. RAOS (Croatia)

Relaxation of orientation developed during the mixing process and its effect on the tensile strength of natural rubber vulcanizates 305
B. V. K. M. GIULIANI & W. J. MCGILL (South Africa)

Effect of diameter ratios on entry pressure drop and die-swell behavior for rubber-compound in capillary extrusion 311
J. Z. LIANG (China)

Book Reviews
Design for Manufacture, Strategies, Principles and Techniques
(By J. Corbett, M. Dooner, J. Meleta & C. Pym. Addison-Wesley, Massachussetts, 1991) reviewed by T. G. Keating 315

Applied Polymer Analysis and Characterization, Volume II
(By J. Mitchell, Jr., Hanser, Munich, Vienna, New York, 1991) reviewed by J. Loadman 315

Manufacturing Processes for Engineering Materials (2nd edition)
(By S. Kalpakjian. Addison-Wesley, Massachussetts, 1991) reviewed by J. Karger-Kocsis 316

Forthcoming Meetings 318
